1 Introduction

This whitepaper explains how to download and install nuiSense business.

1.1 Prerequisites

To install nuiSense you need the following prerequisites:

- Microsoft Windows 8.1 or Microsoft Windows 10
- Any touch certified device for Windows 8.1 / 10. It also works fine with mouse and keyboard
- A Microsoft Account for connecting to Windows Store

If you do not have a Microsoft Account do not worry, it is free. You can create a Microsoft Account here: <u>https://www.microsoft.com/en-us/account/default.aspx</u>

NOTE: Microsoft Windows 7 or below is not supported.

2 Download and install

To download and install nuiSense business you can download the latest version of the App from <u>http://www.nuisense.com/multitouch-software-download.aspx</u> clicking on "Download for Windows 8.1" or "Download for Windows 10" depending on your operating system version. Follow the instructions to download and install the nuiSense business multi-touch suite:

- Click on nuiSense business download link, automatically it opens Windows Store;
- In Windows Store click on "Free" button to start download (as shown in the picture below);
